*Veterans carry,” says Legion Dominion President Bruce Julian. “Now the Government must implement these recommendations and begin the process to ensure that all women who have served, are serving and who will serve Canada receive the care and support to meet their unique health needs as a result of injuries from their service.”*

The Royal Canadian Legion calls on the Government to produce an implementation plan, including a detailed timeline and defined oversight. We will monitor the progress and outcome of the report and are committed to collaborate and assist to ensure the timely implementation of all recommendations.

Women who serve need to know that they matter, that abuse will not be tolerated, that they will receive care and support if injured and that the process to receive that care and support shows compassion and respect.

The Legion stands proudly with the more than 100,000 women who served our military and RCMP forces. We invite all Canadians to stand with us to honour their service, recognize their sacrifices, and uphold their legacy.

If you or a Veteran or family of a Veteran you know needs support, the Legion’s Veterans Services Department offers a wide range of assistance, always free of charge. Canadian serving military, retired Veterans including RCMP members and their families can reach out to a Legion Command Service Office for assistance. Contact a professional Service Officer.

### LEGION CALLS ON GOVERNMENT TO IMPLEMENT ACVA RECOMMENDATIONS TO SUPPORT WOMEN VETERANS

OTTAWA, ON, June 12, 2024 – The Royal Canadian Legion fully supports the recommendations outlined in the House of Commons Standing Committee on Veterans Affairs (ACVA) report titled Invisible No More. The Experiences of Canadian Women Veterans.

This landmark report, the largest ever carried out by the Committee, records for the first time the lived experiences of over 50 women Veterans with service from today to over the past 40 years. Their statements describe the horrific sexual abuse female CAF and RCMP Members and Veterans endured, the abuse of authority and the discrimination they suffered.

The testimony overwhelming highlighted how women Veterans have encountered barriers and challenges to have their service-related injuries recognized by Veterans Affairs Canada (VAC) for access to care, support and benefits. The lack of acknowledgment of the physical and mental injuries resulting from their service left many women feeling invisible and feeling they are not a Veteran.

*“The 42 recommendations in the ACVA report provide a starting point for the CAF, RCMP and VAC to finally be held accountable for the experiences and wounds these*

## FROM THE BRANCH PRESIDENT

Happy Canada Day! Summer has arrived and the weather has been great. There have been several activities started at the Branch to keep things a bit more active during the summer.

Our condolences go out to Garry Perryman's family. Comrade Garry was

a long-time member at Branch 270 and he will be missed. Comrade Gaëtanne Robinson did an excellent job at organizing suppers for our Veterans and spouses of Veterans on June 26. She deserves a great big thank you and, to all the others who helped deliver the meals, thank you.

The parking lot has been completed. We apologize for any inconvenience that this caused to anyone, but it does look great.

Comrade Norm Marion has been busy keeping the BIDDY and our Facebook page up to date and we thank him for all his hard and dedicated work.

June 29 entertainment was great. Again, Comrade Penny Lawrence-Judges did an excellent job at organizing this.

There are no General meetings during the summer.

To everyone, I wish a wonderful summer and look forward to seeing you at the General Meeting on Tuesday, September 24, 2024, at 6:30 p.m., at the Branch.

*"Keep your face always toward the sunshine and shadows will fall behind you"*

Yours in Comradeship,  
Anne Frankish, Branch 270 President

*Submitted by Comrade Norm Marion, Public Relations Officer*

Remember the photo we published in the April Maple Leaf, showing our Coldwater Legion building all lit-up in blue to mark the RCAF centennial? Well, it's now official: the RCAF has entered the pages of the Guinness World Records book after setting a record for illuminating the most landmarks around the world in 24 hours. The record was set with 56 landmarks, as recognized by UNESCO or national governmental registers, illuminated in 24 hours. The previous record was 38. Landmarks were illuminated in blue worldwide, as far away as Australia and New-Zealand, South Korea and Iraq. In Canada, the CN Tower, the Ottawa Peace Tower, and the Ambassador Bridge were among the 56 landmarks. Other locations, which made up more than 500 sites in total, included government buildings, museums, private residences, and, indeed, the COLDWATER LEGION!

## BUILDING MANAGER REPORT

*Submitted by Comrade Kari Malmström, Building Manager*  
 I have the following report in the way of Second Vice/ Building Manager since our last meeting.

My report is as follows:

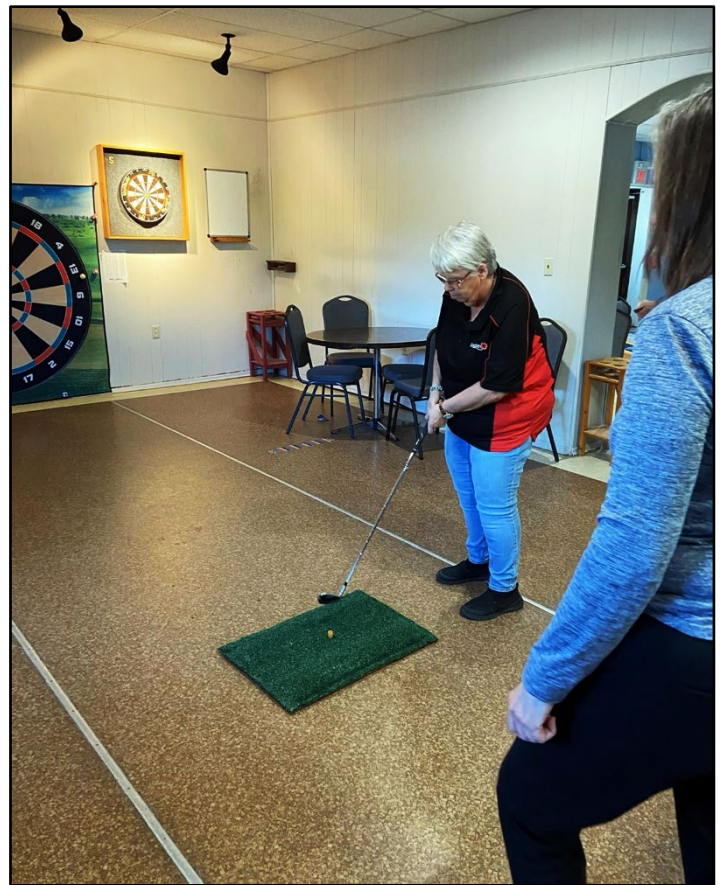

- Monthly fire inspections are completed.
- John O'Hara and I attended the annual inspection for the Midland Sea Cadets June 9. The weather did not cooperate, but the turnout was still very good. Congratulations to all the cadets on a successful year. Nice to see their numbers growing.
- Parking lot paving was completed June 24. Thank you to everyone who helped in coordinating this to be done when I was out of town.
- All damaged or missing drop ceiling tiles have been replaced. We may have to get some more for downstairs as the pattern is not the same as upstairs.
- I will be working on getting some pricing on updating the various electrical issues, like light switches to be added and receptacles to be identified to solve some of our problems when breakers get tripped. I have a meeting this week with the electrician to get pricing on some repairs that are needed immediately. These include a dedicated receptacle for the upstairs A/C unit and also a cost for putting in switches for the upstairs hall lighting. I will ask about labelling all receptacles at the same time.
- Upstairs A/C was fixed. Two fuses had blown causing only one unit to work and it ended up freezing up and dripping water into the hall.
- I had the plumber come in and clear out one of the ladies toilets upstairs. He noted that the flush mechanism was leaking, and that was replaced. This again indicates that the poor quality of town water is causing issues on our new fixtures. If the township is not going to do anything about water quality, we will have to look at options in-house.
- I wish everyone a good and safe summer, and thank you for your support. See you all in the fall.

## POPPY REPORT

*Submitted by Comrade Gaëtanne Robinson, Poppy Chair*  
 Last week our Veterans enjoyed a delicious ham dinner along with strawberry shortcake, prepared by the Wesley United Church Strawberry Dinner, sponsored by our Poppy Fund, and delivered by branch volunteers. Thank you to all the volunteers who assisted with the delivery of the meals. I'm sure we brought a little sunshine to the Veterans.

## SPORTS REPORT

*Submitted by Comrade Al Myre, Sports Officer*  
 We have two teams entered in the District golf tournament in Midland on July 6. We wish Bob and Bill Gourlie, and Hans Klanert and Jim Georgiev the best of luck.

*Our summer activities are here! Our Youth Education and Membership Chair Cheryll Barr (above) has been seen trying her skills (or luck) at our new Golf Darts game. Corn Hole and Golf Darts are on every Tuesday night starting at 6:30 p.m., and our new Sing-o Bingo takes place on Thursdays starting at 6:30 p.m. Come and try it!*

### MESSAGE FROM MPP JILL DUNLOP

As summer graces us with its warmth and light, I extend my heartfelt wishes for a safe and wonderful season to you and your families. This is a perfect time to enjoy the great outdoors, cherish moments with loved ones, and partake in community activities that bring us closer together.

June was Seniors Month, and I want to express my profound gratitude for the countless contributions seniors have made here in Simcoe North and across the province. Your dedication, wisdom, and community spirit have been invaluable, and we celebrate you not just this past month, but every day.

To further support our seniors, our government has launched a new interactive website, [ontario.ca/seniors](http://ontario.ca/seniors). This user-friendly platform is designed to help seniors easily

access a wide range of government services and community resources that can assist with their daily lives, ensuring they have the support they need at their fingertips.

In our ongoing commitment to healthcare, I am pleased to share that we are expanding access to publicly funded MRI and CT imaging at community surgical and diagnostic centers throughout the province. This initiative will significantly reduce wait times and improve access to critical diagnostic services, ensuring timely and efficient medical care for all.

Moreover, the province is dedicated to helping more seniors stay fit, healthy, and active within their communities. We are investing \$15 million to support all current Seniors Active Living Centres, including three right here in Simcoe North. I am proud of these centers that provide essential programs promoting wellness and social engagement among our seniors.

Your continued support and engagement are the pillars of our community's strength and resilience. I look forward to continuing to work together to build a brighter future for everyone.

Wishing you all a safe, happy, and enjoyable summer!

## LEGION'S NEWFOUNDLAND AND LABRADOR COMMAND SPARKS MOMENTOUS REPATRIATION AND COMMEMORATION

*From the files of Dominion Command*

OTTAWA, ON, 26 June 2024 – The Royal Canadian Legion's Newfoundland and Labrador Command is now bracing for what will be another highly emotional commemorative event, after recently helping repatriate the remains of an unknown Newfoundland soldier back home from France.

"I am deeply moved by the actions of our comrades at Newfoundland and Labrador (NL) Command," says Bruce Julian, Dominion President. "Their vision and persistence in making this happen will have an enduring and positive impact in that province and also touches citizens from across Canada and beyond."

In May, a special delegation traveled from Canada to France to receive the remains of an unknown First World War soldier from Newfoundland who served at Beaumont-Hamel in France; at a time when that province was a separate dominion of the British Empire and not yet part of Canada.

"Many Canadians would be unfamiliar with the degree of sacrifice made during that war by a comparatively large contingent of soldiers from this region," says Berkley Lawrence, Immediate Past President of NL Command and First Vice President of the Legion's Dominion Command. A veteran himself, and deeply moved by the repatriation event, Lawrence says witnessing the act of receiving the remains of the unknown soldier from the French military, touched him to the core.

"I was feeling all kinds of emotions even more deeply than I knew I would," he says. "I still am." Lawrence's own grandfather served during the First World War including during the Battle of the Somme and later in Gueudecourt,

in northern France, where a memorial now stands in honour of Newfoundland soldiers.

On July 1, the Unknown Soldier will be interred at the refurbished Newfoundland National War Memorial which will be rededicated to mark its 100th anniversary. These events were planned and are being executed in close partnership with all levels of government and additional supporters.

A challenging dual project in the works for several years, the idea was that of former NL Command President and veteran Frank Sullivan. He believed there was a need to honour all Newfoundlanders and Labradorians who served, some of whom remain unknown – and are resting elsewhere in the world.

"I really felt it was important to Newfoundland and Labrador, and our country, to ensure we never forget the sacrifices made by a significant part of our province's population during both world wars, up until joining Canada in 1949," he explains. Sullivan says the Unknown Soldier will symbolize all those from the province who gave their lives serving in all branches of the military and in respective support services. "Descendants and supporters of those who served, died and lie in "Known unto God" graves will now be able to pay their respects in person at our National War Memorial," he says.

Sullivan worked closely with Lawrence and others to help orchestrate elements of the repatriation and the upcoming commemoration. That province's national war memorial honours the collective sacrifices and service of all those from Newfoundland and Labrador who have served.

The Unknown Soldier will lie in state in the East Block Lobby of the Confederation Building in St. John's from June 28-30 and the public is invited to pay their respects. On July 1, Memorial Day in NL, the Unknown Soldier will be laid to rest at the Newfoundland National War Memorial site. The rededication of the refurbished memorial which overlooks the harbour at the site of the annual Memorial Day service, will take place at the same time.

There is a welcome increase in defence spending but it comes alongside the reality of defence budget cutbacks, so the funding increase is not what it looks like.

There is a crucial proposal to fix the outdated procurement process, but still no actual completion date for a planned – and urgently needed - procurement strategy.

**BRANCH HISTORIAN REPORT**

*Submitted by Comrade Norm Marion, Branch Historian*  
 We'll start advertising for the Veterans banners program in August, and the placing of the crosses on Veterans graves is planned for the Saturday before Legion Week starts. Information on the next volume for Military Service Recognition Book (MSRB) Vol 12 has been received. New submissions or suggestions for submissions are always welcome at any time during the year. On June 23 a monument in memory of Air Cadet Stanley Peacock was unveiled near Royal Canadian Legion Branch 34 Orillia. Peacock was killed during the Second World War when he was caught in the explosion of a boat he was working on in the harbour. You will find the background story related to that event on this page.

**HUNTER BOATS IN ORILLIA**

In the early 1900's, Hunter Boats in Orillia built pleasure water craft and sailboats. During World War II, their focus turned towards supporting Canadian war efforts. Alistair Hunter was the first to take on the job of building the Fairmile Patrol Boat. He designed and built seven of 80 Fairmile submarine patrol boats built in Canada during World War II. The ships were built from mahogany planks and equipped with depth charges and Oerlikon guns.

**FAIRMILE PATROL BOAT & STANLEY PEACOCK**

The Q116 was the last Fairmile built by Hunter Boats. But, its story was marked by tragedy on October 13, 1943, on Lake Couchiching in Orillia. When workers returned after dinner, one of the engineers heard a dripping sound. Within minutes the gas ignited. In the resulting explosion, Stanley Peacock, a 16 year old apprentice electrician, was blown out of the ship and was not found until the next day. Stanley was also an Air Cadet in the Orillia 99 Lynx Squadron Air cadets.

**ACTIONS OF THE ORILLIA FIRE DEPARTMENT**

With the quick action of two Orillia firefighters, Captain Elgin Jones and Lieutenant Daniel MacLeish, the fire department contained the fire and prevented further loss of life. For their actions they were awarded the King George VI Police and Fire Service Medal for gallantry. Only 10 such medals were awarded in Canada and Orillia firefighters received two.
